

FAIR & IMPARTIAL POLICING

The Fair & Impartial Policing® (FIP) 4 Hour Recertification/Booster Train-the-Trainer April 20, 2022 Online Virtual Training Course

4-hour Virtual Recertification Course—The FIP® Recertification Course is designed for **agency trainers who attended a FIP Train-the-Trainer course in 2019**. Attendees will review the key principles of FIP, be introduced to updates to the Patrol Officer and Supervisor curricula, discuss implementation tips, policy review, and more.

The virtual Recertification Course will be combined with our **NEW Booster TOT**. Designed for agencies/individuals who have previously experienced a FIP TOT and Recertification and want to deliver a 3-4-hour booster training for officers who have had the basic FIP course. The core concepts from the basic FIP training are reviewed and includes high-quality video scenarios that allow the participants to apply the key principles to common policing situations using a decision tree model.

Eligibility: *You must have previously completed a certified FIP® Train-the-Trainer course and be currently employed by a law enforcement agency or training academy that is committed to training the FIP curricula following the Refresher. At least two trainers, from each agency, should attend since the FIP curricula are team-taught.*

FIP National Instructors represent local, county, state, and university police, and bring practical, “street-wise” applications for law enforcement personnel at all levels of the organization.

For more information, go to www.fipolicing.com

Host: Fair and Impartial Policing, LLC
When: April 20, 2022 | 11:00am-3:00pm EST

For more information, contact: Kudra Robbins

Fair and Impartial Policing® – Learning Management System

TOT Recertification and TOT Booster/Recertification Registration Instructions

Account Registration

If you do not already have an account, you will need to register for one on FIP's Learning Management System (LMS). Go to the registration link provided and click the gray "SIGN UP" button.

When you submit the registration form if you get an error message stating "**(43250) Registration could not be completed. The email provided is not valid.**", there is a possibility that your account has already been created from your attendance at a previous FIP training. In this case go back to the login page and use the "**Forgot password?**" link. This will allow you to set a new password for your account and gain access to the system.

If you are registering for a new account (you did not get an error as previously mentioned), after registration you will need to contact support@fipolicing.com to have your transcript records added to the system. This will allow you to enroll in this recertification class as this course has a prerequisite of completing the TOT Basic course. Our support staff will need to add the prerequisite course to your transcript manually. Once your account has been approved and created, you will receive an email notification with a link to login and set your new password.

Class Enrollment

Once you have gained access to the LMS, go back to the registration link provided. The link will take you directly to the class. Please ensure the class you are enrolling in is the correct class for you.

If you have any issues or questions with creating an account or registering for classes in the LMS, contact support@fipolicing.com and we will be happy to assist you.
