

FAIR & IMPARTIAL POLICING

**The Fair & Impartial Policing® (FIP)
Basic and Booster Training of Trainers Course
August 25-26, 2026 MCOLES APPROVED
Hosted by Northville Township Police Department
Registration Deadline: July 31, 2026**

FIP's **Basic Training of Trainers** 2-day course "walks" teams of trainers through the content and training methodologies for the patrol officer and first-line supervisor curricula. This course provides opportunities for participants to practice teaching both curricula while FIP instructors provide technical assistance in small group workshops.

Trainers will also be introduced to FIP's **Booster** curriculum; a course intended to be provided to trainees 18 months-2 years after their initial FIP course. The Booster course reinforces core training concepts via high-quality video scenarios with decision tree modeling.

Upon completion of the TOT, participants are able to implement the FIP patrol officer, first-line supervisor and booster curricula within their own agencies.

Eligibility: You must be an experienced trainer currently employed by a law enforcement agency or training academy. At least two trainers, from each agency, should attend since the FIP curricula are team-taught.

Licensing FIP Curriculum Materials: FIP will sign a license agreement with participating agencies and academies, which authorizes trainers to use FIP's copyrighted and trademarked materials for a period of 2 years.

Note: Course registration must be completed by deadline listed above to ensure delivery of training materials. This course includes curriculum materials and access to web-based resources.

**This Training is MCOLES
320/CPE Approved!**

FIP National Instructors are current or retired law enforcement, representing local, county, state, and university police.
